Commissioner for Patents

The reply filed on October 19, 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has amended the claims to include references to holder joints and ground joints and used these to define over Scire et al. However, an electronic review of the instant application shows that the terms "holder joint" and "ground joint" are not in the specification as originally filed. The incorporation of new matter into the claims to define over the prior art renders the response of October 25, 2005 as non-responsive. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
